OVERVIEW

A business jet with maximum flexibility, the Hawker 800XP excels at any mission. From luxury travel to business trips to aeromedical evacuation, this is the jet to do it in.

With its ability to carry 9 passengers nearly 2,800 nm, the Hawker 800XP has the range and payload capacity to accomplish endurance sorties without the need for a technical stop. Powered by twin Honeywell TFE-731-5R-1H fanjet engines, the aircraft cruises at 442 kts. A full avionics suite including RVSM, TAWS A, and TCAS II will give your crew the situational awareness they need to operate safely in nearly any weather condition.

N950PC is on MSP & HAPPs.
